These specification details do not apply to any particular product which is supplied or offered for sale. The manufacturers reserve the right to vary their specifications, including colour, with or without notice and at such times in such manner as they think fit. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. This publication shall not constitute in any circumstances whatsoever an offer by the Company to any person. All sales are made by the Distributor or Dealer concerned subject to and with the benefit of the standard Conditions of Sales and Warranty given by the Distributor or Dealer, copies of which may be obtained from him/her on request. Whilst efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specification details with the supplying Dealer or Distributor, especially if your model selection is dependent upon one of the features advertised.

Honda Solid State Drive (SSD) Navigation System

Most up-to-date map coverage and full audio functionality

No more worrying about which is the best route. Honda SSD Navigation System (**8GB**) has optimal coverage, high route calculation speed and **premium audio connectivity**.

The unit is seamlessly integrated in the dashboard. It includes an optional rear view camera for easy parking. Naturally, the system's **exceptional quality** is ensured by extensive Honda testing.

More features:

- The dash-integrated **7" display** can be operated in either 2D or 3D modes and the unit has an SD card slot.
- The standard map conveniently includes **locations of all Honda dealers**, just in case you need something quickly – wherever you are.
- Honda's SSD Navigation unit provides satellite coverage in **33 European countries**.
- The system offers **hands-free telephone**, to which 10 mobile phones can be paired.
- Voice guidance is naturally built into the unit and is available in 9 languages – English, German, French, Italian, Dutch, Spanish, Portuguese, Swedish and Danish.
- The unit includes a **built-in CD mechanism** and for MP3 fans, it offers optional USB connectivity, including iPod® control.

Honda Hard Disk Drive (HDD) Navigation

If you are looking for a navigation system with even higher specifications, Honda also offers the 40GB HDD Navigation with its whole entertainment package. The unit features CD ripping by Music Catcher®, giving you access to up to 4,000 songs. A built-in DVD/CD mechanism means it is also possible to watch DVD movies – but only when you're parked, of course!

Honda CD/USB Tuner

Honda also offers a premium CD/USB Tuner: a 2 DIN FM/AM radio unit with CD tuner compatible ACC/WMA/MP3 audio files. It also includes a front AUX input for a digital audio player and an optional USB cable for a USB device or iPod®.

The unit is completely integrated in the dashboard and allows you to listen to your favourite songs onboard.
